ENVIRONMENT

A ZERO IMPACT PLANET

We are committed to reducing the impact of our activities on the environment across the entire value chain. We invest in continuous technological process improvement to optimise the environmental performance of our production processes, from responsible water management to emissions reduction, and finally to ongoing packaging innovation.

Diversity & Inclusion

We chose June, Milan's Pride month which we have sponsored for three years in a row, to start our internal trainings on Diversity & Inclusion, aimed at providing useful tools to understand and mitigate unconscious bias in the workplace.

COMMUNITY

OUR MISSION FOR THE TERRITORY

Sustainability also has a social dimension: being in Italy for almost a century, we feel a responsibility towards the country and communities in which we operate. As "corporate citizens", we are committed to the promotion of social and cultural initiatives at a local level.
